

## Invitation to a Briefing on Day Care Centers in Germany

Dear \_\_\_\_\_ family,

Every child from the age of one can go to a day care center in Germany.

There, your child has the opportunity to make friends, to learn German, to prepare for school and to grow up with other children.

What will be discussed?

In the briefing, you will learn about day care centers and get an idea at how everyday life looks.

Where will the briefing take place?

The briefing will take place in your home. Beforehand, an appointment will be arranged with your assigned social worker. An educational worker and an interpreter will come to your home for this appointment.

What is the procedure?

- There will be a one-hour conversation with the educational worker and the interpreter on the appointed date in your home
- You will receive information on everyday life in a day care center
- You do not need to prepare anything
- You are welcome to ask any questions you might have on the subject of child care

If you would like to have a briefing on day care centers, please fill out this application form. Pass the application form on to your social worker. You will then receive a suggestion for an appointment date.

Sincerely,
